Math

Attached is a sheet of math problems that cover a variety of math skills. Please also review addition and subtraction facts up to 20. You may make flash cards or buy a pack. They always have them at the dollar store. Another great way is to find free apps or online games. I know the students are familiar with abcya.com which has math games on the computer along with other subject areas.

The students will take a math facts assessment the first week back to review and assess their progress.

Sight Words

Here are a list of sight words your child should start to be familiar with. Students should work on reading these. The goal is for students to be able to read them almost instantaneously without having to sound them out. A great way to review is to make flashcards. The next step after students know the words, is to start practicing spelling the words. A sight word assessment will be given within the first few weeks of school.

Religion

Practice these Prayers. We will be saying the Prayer Before Meals before Snack and Lunch each day. The Our Father will be said during Mass on Tuesdays.

Bless us, O Lord, and these thy gifts which we are about to receive from thy bounty through Christ our Lord. Amen.

Our Father, Who art in heaven hallowed be Thy Name; Thy kingdom come, Thy will be done, on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses, as we forgive those who trespass against us; and lead us not into temptation, but deliver us from evil. Amen.
